COMMUNITY PROGRAMS

NDSF seeks out and invests in programs that are striving to create long-term, positive change. We seek to create systemic change by funding programs that meet the immediate and future needs of our community. NDSF seeks to advocate for the development of economic and educational equality, awareness of physical and mental health disparities, and eradication of social and political injustice.

With your support, NDSF can continue to fulfill its mission toward expanding and improving opportunities, choices, and resources to identified community needs and interest.

NDSF recognizes the need to offer a variety of options to our donors. The Foundation offers customized funds based on donor's needs enabling donors to select the most appropriate match. Funds are allocated to support new initiatives as well as on-going programmatic thrust.

NDSF seeks to partner with national and local organizations whose primary mission and goals are aligned with the mission of the Foundation of creating strong communities. With the help of partnerships, the Foundation will continue to have the ability to strengthen and increase its resources to implement the initiatives outlined in its mission.
