FASHION SHOW FUNDRAISER TO RAISE DOLLARS FOR SCHOLARS AND LOCAL COMMUNITY PROGRAMS

Dallas, Texas – April 12, 2011 – The North Dallas Suburban Foundation for Life Development and Community Involvement will host a Fashion Extravaganza on June 26, 2011 from 3 p.m. to 5 p.m. at the Brookhaven Country Club in Dallas, Texas. The cost of tickets is \$35 per person. Proceeds generated by the event will support the organization's scholarship fund as well as area community programs. The Foundation awards scholarships to graduating high school seniors, provides funds to support youth programs and collaborates with other organizations on fund raising activities.

"The community has been greatly enhanced by the support and services provided by the members of the North Dallas Suburban Foundation. I am very proud to be associated with any programs resulting from the Foundation's visionary leadership," said Cheryl Smith, talk show host and producer for KKDA and executive editor-at-large for *The Dallas Weekly*, who will serve as the mistress of ceremony.

"The mission of the Foundation is to support the development of strong 'neighborhoods' through collaborative planning, community action and policy advocacy," said Margaret Turner Carrigan, chairperson of the North Dallas Suburban Foundation. "The Fashion Extravaganza is a festive activity where business and pleasure come together to raise funds necessary to support activities that will address current and future needs. We hope that the community will support the Foundation's activities so that the Foundation can continue to support the community."

The Extravaganza will provide attendees the opportunity to enjoy fashions modeled by males and females of all ages ranging from the young at heart to the seasoned fashionista showcasing designs for business class, city chic, real women, summer fun, and Sunday best. An added benefit of the Extravaganza is to provide local merchants a venue to promote their businesses and provide attendees the opportunity to fulfill their various shopping needs and desires.
